Dear All,

Attached is the final CEP in red-line and final form.

Susan, I incorporated your changes from last evening (and made the addition of Blaine Edmo and William Lambert), although they were not to the latest version of the document which had been circulated by Bob February 29th.

I would ask the SMT to review the attached document and request approval by email, by Noon EST Friday, March 11, 2016.

Separately, I will forward a cover letter to EPA for SMT review and approval.

Best,

Liz
